Career Summary:	<p>Graduated with Bachelor of Engineering – Chemical Engineering from the Royal Melbourne Institute of Technology in Melbourne, Australia. Worked for the local Mobil Oil refinery before moving back to the States in 1986. After 20,000 miles on the road and living in a recreational vehicle for a year, I started an instrumentation and control contracting business in Dallas, Texas. After six years I sold the company and moved to Atlanta, Georgia where I started working for LAW Engineering and Environmental Services which was acquired by MACTEC in 2000. For the past 16 years I have specialized in environmental compliance with a heavy focus on air quality and industrial wastewater permitting. Currently I am specializing in assisting clients with greenhouse gas and carbon footprint regulations and energy efficiency in industry.</p>
GA-AHMP Involvement:	<p>Became a Certified Hazardous Materials Manager (CHMM) in 2002 and been a member of the academy ever since. I find the meetings and organized events interesting and special and try to attend as many of them as I can.</p>
Hobbies/Other Interests:	<p>I enjoy travelling and the outdoors. I am a Nitrox certified scuba diver and have dived Australia, Fiji, and the Caribbean. I have travelled throughout Australia, New Zealand, south Pacific, Peru, Brazil, Germany, Turkey and Korea. I collect stamps and coins and hope to get my HO model railroad set up as soon as one of my kids moves out of the house and I get a room to build the layout in.</p>
