Career Summary:	<p>I completed my Bachelors of Science degree in Environmental Science in 1992. I spent the majority of my career in the Mid-West with various consulting and remediation firms and also work for three years with the Indiana Department of Environmental Management. The past five years, I have been in Atlanta working as an internal environmental consultant for Chartis Insurance in their Global Loss Prevention Environmental Claims Division.</p> <p>The majority of my work has involved remediation and emergency response projects for private and government clients. I have also served as a health and safety officer for two consulting firms, IDEM, and also with my current company.</p>
GA-AHMP Involvement:	I obtained my CHMM in 2007 and became involved with the Georgia Chapter shortly after certification. I have served on the speaker committee for the past year and plan serving again in the same capacity for the upcoming year. I recently attended the National Conference that was held in Atlanta.
Hobbies/Other Interests:	I enjoy most anything outdoors. I try and spend as much time as possible in the summer boating on Lake Lanier or on the golf course. I am also involved with Trout Unlimited and try my best to deplete the waters of the southeast of rainbow and brown trout.
